

MP30

Industrial automation components

Manufacturer	Bosch
Catalog number	mp30
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Manufacturer	Bosch
Frequency	600 HZ
Interface Type	profibus
Product Type	Module
Signal Type	24
Signal Level	24 V

Description

The MP30 module from BOSCH is an innovative solution with a frequency of 600 Hz, supporting the profibus interface. This product operates at a signal level of 24V, making it suitable for applications requiring precise control and communication in automation systems.
