

DST1403

Industrial automation components

Manufacturer	Control Techniques
Catalog number	dst1403
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	380 - 480 V
Current	6 A
Frequency	50 - 60 Hz
Measurement Range	380 - 480
Product Type	Drive
Signal Level	480 V
Component Specifications	dst1403

Description

The DST1403 drive from Control Techniques is designed to operate within a voltage range of 380 to 480 V and a current of 6 A. It supports frequencies from 50 to 60 Hz, making it a versatile solution for various industrial applications. The component specification DST1403 ensures accurate measurements within the same voltage range, with a signal level of 480. This makes it an ideal choice for demanding production environments.
