

SK3402

Industrial automation components

Manufacturer	Control Techniques
Catalog number	sk3402
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Component Specifications	sk3402
Signal Type	460
Relay Specifications	43 A
Current	43 A
Horsepower	30
Signal Level	460 V

Description

The SK3402 is an advanced component from CONTROL TECHNIQUES, designed to handle motors with a power rating of 30 kW. Its specifications include a current of 43 A and a signal type of 460, ensuring stable and efficient operation. The signal level also stands at 460, with a relay specification of 43, making it an ideal solution for demanding industrial applications.
