

SM-RESOLVER

Industrial automation components

Manufacturer	Control Techniques
Catalog number	sm-resolver
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.04 kgs kg
---------------	-------------

Description

The SM-RESOLVER is an advanced device that provides precise solutions for control and monitoring applications. Weighing only 0.04 kg, it is easy to install and integrate into various systems. Ideal for industrial applications where high accuracy and reliability are required.
