Description

The Eaton 255340 NWS-SOK/8801/M is a steel utility base designed for 19-inch server racks. It features removable side panels on all sides, allowing for flexible access and maintenance. The base can be equipped with or without ventilation ribs, depending on cooling requirements.

It offers the option to install adjustable feet, facilitating leveling on uneven surfaces. Constructed from powder-coated steel in RAL 7035 color, it ensures durability and a professional appearance.

This base is ideal for housing and protecting server equipment in various industrial and commercial settings.
