

A200M4CAC

Industrial automation components

Manufacturer	Eaton
Catalog number	a200m4cac
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	600 V
Signal Type	120
Current	135 A
Signal Level	120 V
Relay Specifications	120 VAC

Description

The A200M4CAC is an advanced relay from EATON, designed for operation in demanding industrial conditions. It offers a voltage rating of 600V and a current rating of 135A, making it an ideal solution for applications requiring high performance. The signal type and signal level are both rated at 120, ensuring stable and reliable communication in automation systems. The relay specification also stands at 120, highlighting its versatility and reliability across various applications.
