

## CN15GN3CB

Industrial automation components

<b>Manufacturer</b>	Eaton
<b>Catalog number</b>	cn15gn3cb
<b>Category</b>	Industrial automation components
<b>Product type</b>	Industrial automation components
<b>Status</b>	Active product

### Technical specification

<b>Product Type</b>	Contactator
<b>Signal Level</b>	480 V

### Description

The EATON CN15GN3CB contactor is a reliable device that provides efficient control of electrical circuits. With a signal level of 480, it is ideally suited for industrial applications where high performance and reliability are required. Its robust construction ensures long-lasting use in challenging conditions. This contactor is a key component in automation systems, enabling precise management of electrical energy.
