

ESR4-NO-30-24VAC-DC

Industrial automation components

Manufacturer	Eaton
Catalog number	esr4-no-30-24vac-dc
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	24 V
Current	6 A
Product Type	Relay
Power Supply Type	AC
Signal Type	24
Signal Level	24 V
Relay Specifications	24 VAC

Description

The ESR4-NO-30-24VAC-DC relay from EATON is an advanced device designed for operation in AC power systems at 24V. It offers a working current of up to 6A, making it an ideal solution for various industrial applications. This relay is characterized by high reliability and precise signal levels, ensuring stable operation in challenging conditions. With its specifications, this relay is an excellent choice for systems requiring efficient signal management.
