Manufacturer	Eaton
Catalog number	h-t8
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Terminal Shroud
Compatible Terminal Block Series	T8-3-8342
Mounting Options	Surface, Flush, Rear, Service Distribution Board
Standards Compliance	IEC/EN 61439
Manufacturer	Eaton
Part Number	H-T8
Busbar Compatibility	T8-3-8342/...

Description

The Eaton H-T8 terminal shroud is a protective cover designed for T8-3-8342 series terminal blocks, ensuring safety and reliability in industrial electrical installations. Constructed from durable materials, it safeguards terminal connections from environmental factors such as dust and moisture, thereby enhancing the longevity and performance of the electrical system.

This shroud is compatible with various mounting options, including surface, flush, rear, and service distribution board mounting, offering flexibility in installation. It is engineered to meet the requirements of IEC/EN 61439 standards, ensuring compliance with international safety and quality benchmarks.

The H-T8 terminal shroud is an essential accessory for maintaining the integrity and safety of electrical connections in industrial settings.
