

NZMN1-A125

Industrial automation components

Manufacturer	Eaton
Catalog number	nzmn1-a125
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	690 V
Current	750 - 1250 A
Signal Level	690 V
Measurement Range	750 - 1250
Signal Type	690
Relay Specifications	125 A

Description

The NZMN1-A125 is an advanced relay from EATON, designed for operation in systems with a voltage of 690V. It offers a current range from 750 to 1250A, making it an ideal solution for demanding industrial applications. Its relay specification is 125, ensuring reliability and precision in signal level monitoring. This relay is suitable for applications where stability and performance are critical.
