Manufacturer	Euchner
Catalog number	cit3pl1n30-str
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Euchner
Part Number	CIT3PL1N30-STR
Product Type	Read-only head
Interface	Parallel
Housing Material	Nickel-plated brass
Protection Rating	IP67

Description

The CIT3PL1N30-STR is a read-only head from EUCHNER's CIT3 series, designed for industrial identification systems. Featuring a cylindrical M30 design, it offers a parallel interface and radial M12 plug connector, ensuring versatile integration in various automation setups.

The device operates within a voltage range of 20 to 28 V DC and supports push-pull output with specific voltage levels for HIGH and LOW states. Its robust construction, with a nickel-plated brass housing, provides durability and protection against environmental factors, achieving an IP67 rating.

The CIT3PL1N30-STR is suitable for applications requiring reliable and efficient identification solutions in industrial environments.
