

A02B-0120-C122/MAR

Industrial automation components

Manufacturer	Fanuc
Catalog number	a02b-0120-c122mar
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	1.47 kgs
Product Type	Separate Type MDI Unit
Compatibility	Fanuc Series 16, 18, and 21 CNC Control Systems
Keyboard Type	60-Key Hard Keyboard
Display Size	9 inches
Dimensions	37 x 28 x 5 cm
Weight	1 kg

Description

The Fanuc A02B-0120-C122/MAR is a separate type Manual Data Input (MDI) unit designed for Fanuc Series 16, 18, and 21 CNC control systems. This 9-inch MDI unit features a 60-key hard keyboard, facilitating efficient manual data input for CNC operations. It is compatible with various Fanuc control systems, including Series 16A, 18A, and 21MA controllers. The unit is constructed with a membrane keypad that ensures durability and responsiveness. Its compact design allows for easy integration into existing CNC setups, enhancing operational efficiency. The A02B-0120-C122/MAR is suitable for a range of industrial applications, including machining centers and other automated manufacturing processes. Its robust construction and user-friendly interface make it a valuable component for enhancing the performance and reliability of Fanuc-controlled machinery.
