

A02B-0261-C162/MCR

Industrial automation components

Manufacturer	Fanuc
Catalog number	a02b-0261-c162mcr
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	1.26 kgs
Weight	1.63 kg
Dimensions	39 x 23 x 8.5 mm
Product Type	Manual Data Input Unit
Product Series	A02B-0261
Manufacturer	Fanuc
Description	Full-size separate type horizontal MDI unit designed for industrial applications requiring precise control and operation of machinery.

Description

The Fanuc A02B-0261-C162/MCR is a full-size, separate-type horizontal Manual Data Input (MDI) unit designed for industrial applications requiring precise and reliable machine control. Manufactured by Fanuc, a leader in industrial automation, this MDI unit features a 61-key full keyboard layout, facilitating efficient operator input. The unit is configured for English language operation, ensuring accessibility for a wide range of users. Its robust construction and advanced features make it a dependable component for controlling and operating machinery and equipment. The A02B-0261-C162/MCR is part of the A02B-0261 product series, known for high-quality and superior performance. This MDI unit offers exceptional functionality, allowing users to conveniently interact with machinery and obtain precise control over operations.
