

## A02B-0303-C084

Industrial automation components

<b>Manufacturer</b>	Fanuc
<b>Catalog number</b>	a02b-0303-c084
<b>Category</b>	Industrial automation components
<b>Product type</b>	Industrial automation components
<b>Status</b>	Active product

### Technical specification

<b>Weight</b>	3.60 kgs
<b>Display Size</b>	10.4 inches
<b>Display Type</b>	LCD
<b>Interface</b>	Touchscreen
<b>Operating Temperature Range</b>	0°C to 45°C
<b>Protection Features</b>	Dust and moisture-resistant
<b>Mounting</b>	Panel mount
<b>Compatibility</b>	Fanuc CNC systems

### Description

The Fanuc A02B-0303-C084 is a 10.4-inch color LCD operator interface panel designed for seamless integration with Fanuc CNC systems. This high-resolution display offers clear and detailed visuals, enhancing user experience in industrial automation settings. Equipped with a touch interface, it allows for intuitive navigation and control, reducing operator training time and improving productivity. Built to withstand harsh industrial environments, the A02B-0303-C084 is resistant to dust, moisture, and temperature variations, ensuring reliable performance in demanding production settings. Its compatibility with Fanuc CNC systems ensures smooth integration into existing automation setups, delivering precise control over machining processes. Ideal for use in CNC machines, robotic automation systems, and other industrial equipment, the A02B-0303-C084 enhances operational efficiency across a wide range of applications.
