Manufacturer	Fanuc
Catalog number	a03b-0823-c013
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Fanuc
Part Number	A03B-0823-C013
Product Type	Terminal Type I/O Extension Module B
Application Area	Industrial Automation Systems
Product Series	A03B-0823
Description	Terminal Type I/O Extension Module B designed to expand input/output capabilities of industrial control systems.

Description

The Fanuc A03B-0823-C013 is a Terminal Type I/O Extension Module B designed to enhance the input/output capabilities of industrial automation systems. Manufactured by Fanuc, a leading provider of automation solutions, this module seamlessly integrates control systems with external devices such as sensors and actuators, ensuring efficient and reliable operation.

Its compact design facilitates easy installation, making it suitable for environments with space constraints. The terminal-type configuration ensures secure connections, minimizing the risk of disconnections and system interruptions.

Built to withstand demanding operating conditions, the A03B-0823-C013 offers long-lasting performance and reliability, making it an excellent choice for various industrial applications.
