

A05B-2255-C101#EGN

Industrial automation components

Manufacturer	Fanuc
Catalog number	a05b-2255-c101egn
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	iPendant Touch Panel
Dimensions	400 mm x 50 mm x 20 mm
Weight	3 kg
Display Size	6.4 inches
Display Type	Color LCD Touch Panel
Application Area	Material Handling

Description

The Fanuc A05B-2255-C101#EGN is a versatile teach pendant designed for general usage in material handling applications. This iPendant features a 6.4-inch color LCD touch panel, providing intuitive control and programming capabilities for robotic systems. With dimensions of 400 mm in length, 50 mm in height, and 20 mm in width, and weighing approximately 3 kg, it offers a compact and ergonomic design suitable for various industrial environments. The pendant is compatible with a range of Fanuc robotic systems, enhancing operational efficiency and precision. Its robust construction ensures durability and reliable performance in demanding settings. For detailed specifications and repair services, refer to the official Fanuc documentation and authorized distributors.
