

A05B-2518-C202#EAW

Industrial automation components

Manufacturer	Fanuc
Catalog number	a05b-2518-c202eaw
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	1.27 kgs
Weight	1.31 lbs
Operating Temperature	-10°C to 50°C
Controller Compatibility	Fanuc R-J3IC, R-30iA
Button Type	Mechanical push buttons
Mounting	Handheld

Description

The Fanuc A05B-2518-C202#EAW is a specialized teach pendant designed for arc welding applications and robotic control. Manufactured by Fanuc, a leader in industrial automation, this device offers precise control and ease of use for professionals in the welding industry. The pendant features mechanical push buttons for straightforward operation and operates effectively within a temperature range of -10°C to 50°C, making it suitable for various industrial environments. Its handheld design ensures comfort during extended use, and it is compatible with Fanuc R-J3IC and R-30iA controllers, commonly used in arc welding robots. The A05B-2518-C202#EAW is part of Fanuc's A05B series, known for its reliability and performance in industrial automation applications.
