

A05B-2518-C302#EGN

Industrial automation components

Manufacturer	Fanuc
Catalog number	a05b-2518-c302egn
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	3.18 kgs
Material Grade	EN 6
Firmware Version	v6.2
Weight	3.18 kg
Material Grade	EN 6
Firmware Version	v6.2
Manufacturer	Fanuc
Part Number	A05B-2518-C302#EGN
Category	Podzespoły automatyki przemysłowej

Description

The Fanuc A05B-2518-C302#EGN is a general-purpose teach pendant designed for industrial automation applications. Manufactured by Fanuc, a leading provider of automation solutions, this pendant offers reliable control and monitoring capabilities for various machinery and equipment. Its ergonomic design ensures ease of use, enhancing operator productivity in demanding environments. The pendant is part of the A05B-2518 series, known for its durability and performance. Key features include a robust construction suitable for harsh conditions and an intuitive interface for seamless operation. This model is ideal for controlling robotic systems, CNC machines, and other industrial equipment, providing precise and efficient control. Please note that the A05B-2518-C302#EGN does not feature a touch interface, ensuring ruggedness and suitability for use in harsh conditions.
