

A16B-1210-0510-01

Industrial automation components

Manufacturer	Fanuc
Catalog number	a16b-1210-0510-01
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Power Supply Unit
Operating Voltage	AC 200/220V
Dimensions	5.8 x 5.1 x 17.8 cm
Weight	1.9 kg
Compatible CNC Models	10, 11, 12, 15

Description

The Fanuc A16B-1210-0510-01 is a power supply unit designed for Fanuc CNC systems, specifically for models 10, 11, 12, and 15. This unit ensures stable power delivery, which is crucial for the reliable operation of CNC machinery. It operates on AC 200/220V and is compatible with PA-PB systems. The power supply unit is manufactured in Japan, reflecting Fanuc's commitment to quality and precision. Its compact dimensions (5.8 cm x 5.1 cm x 17.8 cm) and lightweight design (1.9 kg) make it suitable for integration into various CNC setups. The A16B-1210-0510-01 is part of Fanuc's Alpha series, known for their high performance and durability. This unit is available for purchase, repair, and exchange through authorized distributors and service centers.
