Manufacturer	Fanuc
Catalog number	a20b-1003-0200
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Fanuc
Part Number	A20B-1003-0200
Product Type	I/O Control Board
Digital Inputs	96 inputs
Digital Outputs	64 outputs
Interface Type	Digital and Serial

Description

The Fanuc A20B-1003-0200 is a high-performance I/O control board designed for Fanuc Series 15 A CNC systems. This unit features 96 digital inputs and 64 digital outputs, facilitating efficient communication between the CNC controller and various machine components.

Engineered for durability, it operates reliably in demanding industrial environments, ensuring consistent performance over time. The A20B-1003-0200 is compatible with both digital and serial interfaces, providing flexibility in system integration.

Its robust construction and advanced design make it a critical component for enhancing the functionality and efficiency of Fanuc-controlled machinery.
