

A20B-2101-0230

Industrial automation components

Manufacturer	Fanuc
Catalog number	a20b-2101-0230
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.68 kgs
Weight	0.68 kg
Product Type	Power Circuit Board
Model	-H002 R30IA
Application Area	Industrial Automation
Manufacturer	Fanuc

Description

The Fanuc A20B-2101-0230 is a power circuit board designed for the -H002 R30IA model, serving as a critical component in Fanuc's industrial automation systems. This module ensures efficient power distribution and management within the system, contributing to the overall reliability and performance of Fanuc's automation solutions. It is suitable for applications requiring robust and dependable power circuit boards to maintain optimal system functionality.
