

EE-0874-020

Industrial automation components

Manufacturer	Fanuc
Catalog number	ee-0874-020
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Signal Type	5
Voltage	5 V
Signal Level	5 V

Description

The EE-0874-020 is an advanced component from FANUC, designed for use in systems requiring precise signaling. The device operates at a voltage of 5V, ensuring stability and reliability in industrial applications. Both the signal type and signal level are also rated at 5, making it an ideal solution for complex automation systems.
