

IC200ALG230

Industrial automation components

Manufacturer	Fanuc
Catalog number	ic200alg230
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	0 - 10 V
Product Type	Module
Signal Level	10 V
Signal Type	10

Description

The IC200ALG230 is a module from FANUC that operates within a voltage range of 0 - 10V. This product is designed to work with signal levels of 10, making it suitable for various applications in industrial automation.
