

IC220PNS001

Industrial automation components

Manufacturer	Fanuc
Catalog number	ic220pns001
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	24 V
Signal Level	24 V
Interface Type	profinet
Signal Type	24

Description

The IC220PNS001 is an advanced module from FANUC operating at 24V. Equipped with a Profinet interface, it handles signals at a level of 24, making it a reliable component in industrial automation systems.
