

IC670ALG330

Industrial automation components

| | |
|-----------------------|----------------------------------|
| Manufacturer | Fanuc |
| Catalog number | ic670alg330 |
| Category | Industrial automation components |
| Product type | Industrial automation components |
| Status | Active product |

Technical specification

| | |
|---------------------|--------|
| Product Type | Module |
| Signal Type | source |

Description

The IC670ALG330 is a source type signal module that provides precise and reliable signal processing in automation systems. Its design is optimized for operation in demanding industrial conditions.
