

IC695ALG808

Industrial automation components

Manufacturer	Fanuc
Catalog number	ic695alg808
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Module
Channel Configuration	8

Description

The IC695ALG808 module is an efficient solution with an 8-channel configuration, making it ideal for industrial automation applications. Its design ensures reliable signal processing, making it an excellent choice for complex systems.
