

IC695CPK330

Industrial automation components

Manufacturer	Fanuc
Catalog number	ic695cpk330
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Interface Type	ethernet
Frequency	1 GHZ

Description

The IC695CPK330 module is a modern solution in automation, offering a frequency of 1 GHz and an ethernet interface. These parameters ensure fast and efficient connections in control systems. Its advanced features make it an ideal choice for industrial applications requiring high performance.
