Ask about this product

Manufacturer	Festo
Catalog number	1501325
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Measurement Range	2 - 3
Relay Specifications	3 A
Measurement Range	2 - 3 A
Product Type	Motor Controller
Typ montażu	On sub-base, screw-clamped
Ambient Temperature Range	0 to 40 °C
Input Voltage	230 V AC
Nominal Output Current	2.5 A per phase
Peak Output Current	5 A per phase
Storage Temperature Range	-25 °C to 70 °C
Protection Class	IP10/IP20
Degree of Contamination	2
Display Type	Seven-segment display
Line Filter	Integrated

Description

The Festo CMMP-AS-C2-3A-M3 (Part Number: 1501325) is a motor controller designed for precise and reliable operation of single-phase servo motors in industrial automation applications. Operating at a nominal voltage of 230 V AC with a frequency range of 50 to 60 Hz, it delivers a nominal output

current of 2.5 A per phase, with a peak current of 5 A per phase for up to 5 seconds. The controller features a seven-segment display for easy monitoring and is mounted on a sub-base with screw clamping. It complies with various international standards, including CE, UL, and RoHS directives, ensuring safety and environmental compliance. With an ambient temperature range of 0°C to 40°C and a storage temperature range of -25°C to 70°C, it is suitable for diverse industrial environments. The CMMP-AS-C2-3A-M3 is ideal for applications requiring precise motor control, such as CNC systems, automated production lines, and robotic systems, offering seamless integration and reliable performance.
