Manufacturer	Festo
Catalog number	572911
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Lens Mount	C-Mount
Focal Length	12 mm
Working Distance	>= 250 mm
Corrosion Resistance Class (CRC)	0 - No corrosion under stress
RoHS Compliance	Yes

Description

The Festo 572911 is a high-quality lens designed for industrial automation applications, particularly in vision systems requiring precise imaging. This lens features a C-Mount thread, ensuring compatibility with a wide range of cameras and optical equipment. With a focal length of 12 mm and a working distance of at least 250 mm, it provides clear and accurate imaging over a substantial range. The lens is constructed to meet RoHS standards, ensuring environmental compliance and safety. Additionally, it boasts a corrosion resistance class of 0, indicating no corrosion under stress, which enhances its durability in various industrial environments. Please note that this product is being phased out and will be available until 2025. For alternative products, refer to Festo's Support Portal.
