

DFST-50-30-L-Y4-A

Industrial automation components

Manufacturer	Festo
Catalog number	dfst-50-30-l-y4-a
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Manufacturer	Festo
Pressure	10

Description

The DFST-50-30-L-Y4-A valve from Festo is designed to operate under pressures up to 10 bar. This product features high reliability and efficiency, making it an ideal solution for industrial applications. Utilizing modern technologies, this valve ensures precise flow control of media, contributing to the efficiency of production processes.
