Ask about this product

Manufacturer	Festo
Catalog number	emmb-as-40-01-s30mb
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Festo
Part Number	EMMB-AS-40-01-S30MB
Rated Voltage	300 VDC
Rated Power	100 W
Maximum Speed	3000 RPM
Dimensions	40.00 mm x 40.00 mm
Shaft Diameter	8.00 mm
Ambient Temperature Range	-15°C to 40°C
Protection Rating	IP65

Description

The Festo EMMB-AS-40-01-S30MB is a high-performance servo motor designed for precise motion control in industrial automation applications. Manufactured by Festo, a leading provider of automation technology, this motor offers exceptional reliability and efficiency. Key features include a rated voltage of 300 VDC, a rated power of 100 W, and a maximum speed of 3000 RPM, making it suitable for applications requiring precise speed and torque control. The motor's compact design, with dimensions of 40.00 mm x 40.00 mm and a shaft diameter of 8.00 mm, allows for easy integration into various systems. It operates effectively within an ambient temperature range of -15°C to 40°C, with the capability to withstand temperatures up to 60°C with appropriate derating. The EMMB-AS-40-01-S30MB is engineered to meet IEC 60034 standards, ensuring high-quality performance and durability. Its IP65 protection rating provides robust resistance against dust and water ingress, enhancing its suitability for demanding industrial environments. This servo motor is an ideal choice for
