Manufacturer	Festo
Catalog number	vzsa-32-pp
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Festo
Part Number	VZSA-32-PP
Product Type	Pneumatic Valve Actuator
Piston Diameter	32 mm
Operation Mode	Double Acting
Maximum Operating Pressure	8 bar
Pneumatic Connection	G1/8

Description

The Festo VZSA-32-PP is a pneumatic valve actuator designed for precise control in industrial automation systems. Manufactured by Festo, a leading provider of automation technology, this actuator is part of the VZSA series, known for their reliability and performance. The VZSA-32-PP is engineered to operate efficiently in various industrial applications, offering durability and consistent performance. Its design ensures compatibility with a wide range of pneumatic systems, making it a versatile choice for automation solutions.
