

IC200UDR005

Industrial automation components

Manufacturer	Ge Fanuc
Catalog number	ic200udr005
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Signal Level	24 V
Voltage	24 V
Product Type	Controller
Industrial Safety	plc
Signal Type	24
Relay Specifications	240 VAC
Safety Level	plc

Description

The IC200UDR005 is an advanced PLC controller designed for operation in challenging industrial environments. It operates at a voltage of 24V, ensuring stability and reliability in automation applications. Both the signal type and signal level are 24, allowing for precise process control. With a relay specification of 240 and a high PLC safety level, it is an ideal solution for demanding industrial settings.
