

IC670ALG230

Industrial automation components

Manufacturer	Ge Fanuc
Catalog number	ic670alg230
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Module
Signal Type	24
Signal Level	24 V

Description

The IC670ALG230 is a module with a signal type of 24, designed for precise measurement and monitoring in automation systems. Its signal level of 24 ensures high accuracy and reliability in industrial applications.
