

IC697ALG440

Industrial automation components

| | |
|-----------------------|----------------------------------|
| Manufacturer | Ge Fanuc |
| Catalog number | ic697alg440 |
| Category | Industrial automation components |
| Product type | Industrial automation components |
| Status | Active product |

Technical specification

| | |
|------------------------------|--------|
| Channel Configuration | 16 |
| Product Type | Module |

Description

The IC697ALG440 module from GE FANUC is an advanced device featuring a 16-channel configuration, delivering high performance in industrial automation applications. Its design allows for flexible integration into various control systems, making it an ideal solution for complex manufacturing processes.
