

IC697MDL740

Industrial automation components

Manufacturer	Ge Fanuc
Catalog number	ic697mdl740
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	1.08 kgs kg
---------------	-------------

Description

The IC697MDL740 input/output module from GE FANUC is designed for industrial applications, providing reliable connectivity with automation systems. Weighing 1.08 kg, it is suitable for integration in various configurations. This module ensures high performance and stability, which are critical in industrial environments.
