

### 291-070-01

Industrial automation components

<b>Manufacturer</b>	Heidenhain
<b>Catalog number</b>	291-070-01
<b>Category</b>	Industrial automation components
<b>Product type</b>	Industrial automation components
<b>Status</b>	Active product

### Technical specification

<b>Weight</b>	0.08 kgs
<b>Weight</b>	0.4 kg
<b>Dimensions</b>	4.4 cm x 31.8 cm x 13.3 cm
<b>Manufacturer</b>	Heidenhain
<b>Part Number</b>	291-070-01
<b>Product Type</b>	Interface Module
<b>Compatibility</b>	SIMODRIVE 611

### Description

The Heidenhain 291-070-01 is an interface module designed for the SIMODRIVE 611 system, facilitating seamless communication between components. This module is integral to the operation of Heidenhain's servo drives, ensuring precise control and feedback within industrial automation systems. ([lektronix.com](https://www.lektronix.com/equipment/heidenhain-291-070-01/35451?utm\_source=openai)) Key features of the 291-070-01 include its compatibility with the SIMODRIVE 611 system, enabling efficient data exchange and system integration. The module's design emphasizes reliability and durability, making it suitable for demanding industrial environments. ([classicautomation.com](https://www.classicautomation.com/291-070-01?utm\_source=openai)) For maintenance and repair, the 291-070-01 is supported by various service providers offering comprehensive solutions, including product overhauls and repairs, to ensure continued performance and longevity. ([shop.bvs-electronics.com](https://shop.bvs-electronics.com/en/291070-01?utm\_source=openai)) Please note that the 291-070-01 has been replaced by part numbers 324952-03 and 324952-12.
