

324 952-12

Industrial automation components

Manufacturer	Heidenhain
Catalog number	324-952-12
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.62 kgs
Product Type	Interface Board
Weight	0.62 kg
Brand	Heidenhain
Part Number	324 952-12
Application Area	Industrial Automation

Description

The Heidenhain 324 952-12 is a high-precision interface board designed for seamless integration in industrial automation systems. Manufactured by Heidenhain, a leader in precision measurement and control technology, this component ensures reliable communication between various automation devices. Its robust construction and precise engineering make it suitable for applications requiring accurate data transmission and control. The 324 952-12 is compatible with Heidenhain's 611 axis control systems, offering enhanced performance and operational efficiency. This interface board is ideal for industries such as manufacturing, robotics, and CNC machining, where precision and reliability are paramount.
