

359 002-01

Industrial automation components

Manufacturer	Heidenhain
Catalog number	359-002-01
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.30 kgs
Product Type	Interface Module
Dimensions	50 mm x 100 mm x 300 mm
Weight	1.00 kg
Category	Accessory / Option
Description	INTERFACE PLATINE

Description

The Heidenhain 359 002-01 is an interface module designed for integration within Heidenhain's servo systems. This component serves as a critical link between Heidenhain encoders and industrial control systems, ensuring precise and reliable signal transmission. The module's robust construction and compact dimensions—50 mm in height, 100 mm in width, and 300 mm in length—make it suitable for various industrial applications where space efficiency and durability are paramount. With a weight of 1.00 kg, it offers a balance between sturdiness and manageability. The 359 002-01 is categorized under Heidenhain's accessory options, reflecting its role as an essential supplementary component in their automation solutions. Its design and specifications underscore Heidenhain's commitment to precision and reliability in industrial automation.
