Status	Active product

Technical specification

Product Type	Machine Operator Panel
Product Line	BTM13
Design Version	1
Module Slots	6 slots
Protection Rating	IP65
Finish	Powder-coated

Description

The Indramat BTM13.1-NB-TA-VA-TA-TA-BA-2EA is a machine operator panel from the BTM13 series, designed for industrial automation applications. Manufactured by Indramat, a division of Bosch Rexroth, this panel offers a customizable interface for machine control. It features six module slots that can accommodate various modules, including an emergency-stop module, a writeable keyboard module, a feed override module, and a standard keyboard module. The panel is built with a high protection rating of IP65, ensuring durability and reliability in industrial environments. Its powder-coated finish provides additional protection against harsh conditions. The BTM13.1-NB-TA-VA-TA-TA-BA-2EA is suitable for applications requiring robust and flexible machine control interfaces.
