Description

The Indramat CSB01.1N-FC-NNN-NNN-NN-S-NN-FW is a compact converter from the CSB series, designed for open-loop operation with analog or digital master communication. It features a standard, non-configurable control panel and lacks additional options or safety features. This modular design allows for flexible integration within control systems. Electrical installation requires disconnecting the main power supply and using appropriate protective equipment. Refer to official user documentation for setup and operation guidelines.
