| Manufacturer | Indramat |
| Catalog number | dcf011 |
| Category | Industrial automation components |
| Product type | Industrial automation components |
| Status | Active product |

Technical specification

| | |
|---------------------|------------------------------------|
| Weight | 0.17 kgs |
| Refrigerant | r987396013 |
| Product Type | Module |
| Weight | 0.2 kg |
| Dimensions | 2.5 cm x 14.7 cm x 17.8 cm |
| Manufacturer | Indramat |
| Part Number | DCF01.1 |
| Category | Podzespoły automatyki przemysłowej |

Description

The Indramat DCF01.1 is a versatile interface module designed for seamless integration within industrial automation systems. Manufactured by Indramat, a renowned brand in automation technology, this module serves as a crucial component for establishing reliable communication between various automation devices. Its compact design and robust construction make it suitable for deployment in diverse industrial environments, ensuring consistent performance and durability. The DCF01.1 is engineered to support a wide range of automation applications, facilitating efficient data exchange and control processes. Its compatibility with multiple automation platforms and adherence to industry standards underscore its versatility and reliability. Whether utilized in new installations or as a replacement in existing systems, the DCF01.1 module offers a dependable solution for enhancing automation capabilities.
