

DEA5.2

Industrial automation components

Manufacturer	Indramat
Catalog number	dea52
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.25 kgs
Product Type	Digital Input Interface Card
Dimensions	140 mm x 170 mm x 20 mm
Weight	0.16 kg
Manufacturer	Indramat
Input Voltage	24 V DC
Output Current	5 A
Operating Temperature Range	0°C to 40°C

Description

The Indramat DEA5.2 is a digital input interface card designed for integration within Indramat's motion control systems. This module facilitates the connection of digital input signals to the system, enabling precise control and monitoring of industrial automation processes. Its compact design ensures compatibility with various Indramat drive controllers, making it a versatile component in automation setups. The DEA5.2 is recognized for its reliability and performance in demanding industrial environments, contributing to the seamless operation of automation systems.
