

3HAB9704-1

Industrial automation components

Manufacturer	Inny
Catalog number	3hab9704-1
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	149.69 kgs kg
Weight	149.69 kg
Component Specifications	IRB6400
Manufacturer	Inny
Part Number	3HAB9704-1
Category	Podzespoły automatyki przemysłowej

Description

The ABB 3HAB9704-1 is a robot wrist component designed for the ABB IRB 6400 series, including models M96, M97, M97A, and M98. This wrist is engineered to support a payload of up to 150 kg, making it suitable for heavy-duty industrial applications. It is compatible with the IRB 6400/IRB 6400R range, offering versatility in various robotic configurations. The wrist is designed for bolt-on installation, facilitating straightforward integration into existing robotic systems. Its robust construction ensures durability and reliability in demanding operational environments. This component is ideal for tasks requiring precise and stable handling of substantial loads, such as material handling, assembly, and welding operations. Please note that the 3HAB9704-1 has been discontinued by the manufacturer, ABB.
