

## ME420C

Industrial automation components

<b>Manufacturer</b>	Inny
<b>Catalog number</b>	me420c
<b>Category</b>	Industrial automation components
<b>Product type</b>	Industrial automation components
<b>Status</b>	Active product

### Technical specification

<b>Current</b>	150 A
<b>Component Specifications</b>	me420c
<b>Signal Level</b>	600 V
<b>Relay Specifications</b>	150 A
<b>Voltage</b>	DC
<b>Product Type</b>	Contactator
<b>Signal Type</b>	600

### Description

The ME420C is an advanced contactor designed for DC applications. It features a rated current of 150 A and a signal level of 600, making it an ideal solution for demanding industrial applications. The ME420C component specification ensures reliability and performance, while its design allows for efficient signal management. This product is an excellent choice for engineers seeking high-quality solutions in the field of automation.
