

00-128-456

Industrial automation components

Manufacturer	Kuka
Catalog number	00-128-456
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.23 kgs
Product Type	KVGA 2.0 Interface Card
Brand	KUKA
Part Number	00-128-456
Compatibility	KUKA KRC2ed05 Controllers
Application Area	Industrial Automation Systems

Description

The KUKA 00-128-456 is a KVGA 2.0 Interface Card designed for integration with KUKA KRC2ed05 Controllers, enhancing graphical output capabilities. This interface card is essential for applications requiring high-resolution visual interfaces in industrial automation systems. Key features include compatibility with KUKA KRC2ed05 Controllers, facilitating seamless integration into existing systems. The card's design ensures reliable performance in demanding industrial environments, contributing to the overall efficiency and productivity of automation processes. Its robust construction and advanced technology make it a valuable component for enhancing the graphical interface of KUKA robotic systems.
