

71-039-272

Industrial automation components

Manufacturer	Kuka
Catalog number	71-039-272
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.03 kgs
Weight	0.03 kg
Product Type	Interface Module
Dimensions	20.00 x 20.00 x 11.00 cm
Warranty	24 months
Manufacturer	Kuka
Part Number	71-039-272
Category	Podzespoły automatyki przemysłowej

Description

The KUKA 71-039-272 is an interface module designed for the KUKA KRC1 controller, specifically the DSEAT.02/.03 version. This module facilitates communication between the controller and connected devices, ensuring seamless integration within automation systems. It is engineered for reliability and precision, making it a critical component in KUKA robotic applications. The module is compatible with KUKA's KRC1 controller series, offering robust performance for industrial automation tasks. Its design adheres to industry standards, ensuring safety and efficiency in operations. The KUKA 71-039-272 is suitable for various industrial automation applications, including manufacturing processes, assembly lines, and material handling systems. Its durable construction and high-quality components ensure longevity and consistent performance in demanding environments.
