Description

The Labod TSR 110-7,6/15-4Q85S6HE is a component from the TSR series, manufactured by Labod, a company known for its industrial automation products. This specific model is categorized under "Podzespoły automatyki przemysłowej," which translates to "Industrial Automation Components." The product is available through Automation Trader, a distributor specializing in industrial automation parts. The TSR series components are typically used in various industrial automation applications, offering reliability and performance. For detailed specifications, it is recommended to consult the manufacturer's datasheet or contact the distributor directly.
