

## TSR 55-5,7/11-4Q85S

Industrial automation components

<b>Manufacturer</b>	Labod
<b>Catalog number</b>	tsr-55-5711-4q85s
<b>Category</b>	Industrial automation components
<b>Product type</b>	Industrial automation components
<b>Status</b>	Legacy / discontinued

### Technical specification

<b>Brand</b>	Labod
<b>Part Number</b>	TSR 55-5,7/11-4Q85S
<b>Category</b>	Industrial Automation Components
<b>Product Type</b>	Servo Amplifier
<b>Application Area</b>	Industrial Automation

### Description

The Labod TSR 55-5,7/11-4Q85S is a specialized component designed for industrial automation applications. Manufactured by Labod, this part is part of their TSR series, known for its reliability and performance in demanding environments. The exact specifications of the TSR 55-5,7/11-4Q85S are not publicly available, but it is categorized under industrial automation components, indicating its suitability for various automation tasks. This component is available for purchase through Automation Trader, a B2B supplier specializing in industrial automation parts, including new, used, refurbished, hard-to-find, and discontinued items. For more details or to acquire the TSR 55-5,7/11-4Q85S, visit Automation Trader's product page.
