

EMF2103IB

Industrial automation components

Manufacturer	Lenze
Catalog number	emf2103ib
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Industrial Safety	plc
Product Type	Module
Safety Level	plc

Description

The EMF2103IB module from LENZE is an advanced solution in industrial automation. It offers high reliability through the use of PLC technology, ensuring an appropriate safety level. Ideal for integration into control systems, this module meets the demands of modern industrial applications.
